

Certification of Double-Blind Peer Review for Scholarly Work

I. Purpose of This Document

This certification is issued by the College of Liberal Arts, National Central University (hereinafter referred to as “the College”). It is designed to be completed by the publisher, editorial board, or editor-in-chief to certify that a scholarly work authored by a faculty member of the College has undergone editorial board review and has successfully passed a rigorous double-blind peer review process.

This certification may serve as supporting documentation for faculty promotion, research performance evaluation, applications for grants and subsidies, and the recognition of academic achievements.

II. Basic Information of the Scholarly Work (To be completed by the author. In the case of co-authorship, only one author shall complete this section. No alterations are permitted. Each certification shall correspond to one scholarly work only.)
